

Expert In World-class Cyber Security Solutions  
Strengthen Your Cyber Security Infrastructure With  
Managed Security Services

## **SharkStriker VS Arctic Wolf**

Features	SharkStriker	Arctic wolf
<b>1. Data Residency</b>	<ul style="list-style-type: none"> <li>✓ Data can be processed/stored within South Africa or Africa region as per compliance needs</li> </ul>	<ul style="list-style-type: none"> <li>✗ No in-country storage. All data routed to offshore (typically North America)</li> </ul>
<b>2. Platform Integration</b>	<ul style="list-style-type: none"> <li>✓ STRIEGO integrates seamlessly with customer's existing security stack (EDR, Firewalls, Email Security, Cloud Logs etc.)</li> </ul>	<ul style="list-style-type: none"> <li>✗ Arctic Wolf operates as a closed system; limited integration with third-party tools</li> </ul>
<b>3. Platform Architecture</b>	<ul style="list-style-type: none"> <li>✓ Full alignment with ISO 27001, SOC 2, POPIA; audit-ready reporting and evidence support</li> </ul>	<ul style="list-style-type: none"> <li>✓ ISO/SOC2 alignment available, but lacks POPIA assurance due to offshore processing</li> </ul>
<b>4. Deployment Model</b>	<ul style="list-style-type: none"> <li>✓ Flexible – cloud-native, on-prem, or hybrid depending on customer infra</li> </ul>	<ul style="list-style-type: none"> <li>✗ Fixed architecture; cloud-only delivery</li> </ul>
<b>5. Service Transparency</b>	<ul style="list-style-type: none"> <li>✓ STRIEGO offers real-time ticketing, alert visibility, threat intel, and compliance dashboards</li> </ul>	<ul style="list-style-type: none"> <li>✓ Visibility limited to standardized reports; "black-box" experience for many customers</li> </ul>
<b>6. Customization</b>	<ul style="list-style-type: none"> <li>✓ Detection rules, alerting thresholds, reporting formats – all tailored to your environment</li> </ul>	<ul style="list-style-type: none"> <li>✓ Predefined rules; minimal tuning allowed</li> </ul>
<b>7. IR Support &amp; Escalation</b>	<ul style="list-style-type: none"> <li>✓ Regionally-aligned IR process with defined SLAs &amp; customer-specific escalation matrix</li> </ul>	<ul style="list-style-type: none"> <li>✓ IR run from US-based team; delays possible due to timezone &amp; centralized model</li> </ul>
<b>8. Pricing Model</b>	<ul style="list-style-type: none"> <li>✓ Value-based pricing, scalable to customer's environment &amp; existing investments</li> </ul>	<ul style="list-style-type: none"> <li>✓ Premium, tier-based pricing regardless of tool integration or usage scope</li> </ul>
<b>9. Partner Ecosystem</b>	<ul style="list-style-type: none"> <li>✓ Service delivered via trusted local partner; full transparency maintained</li> </ul>	<ul style="list-style-type: none"> <li>✓ Mixed model with direct customer engagements possible</li> </ul>
<b>10. Ongoing Optimization</b>	<ul style="list-style-type: none"> <li>✓ Regular threat model reviews, control tuning, and roadmap alignment sessions</li> </ul>	<ul style="list-style-type: none"> <li>✓ Optimization is limited to Arctic Wolf roadmap, not customer-driven</li> </ul>

**| Key Benefits of SharkStriker for**

- **STRIEGO as a Unified SOC Platform:** We don't just monitor – we consolidate your entire security ecosystem (SIEM, EDR, cloud logs, firewall, email security) into a single view, tailored for your team's needs.
- **Compliance & Data Control:** With in-country data handling and POPIA-ready configurations, SharkStriker ensures audit-readiness from day one.
- **True Partnership:** Delivered through a local partner, with no backdoor sales, no forced platform lock-ins, and no compromise on visibility.
- **Custom-fit Detection & Response:** Your environment is unique – our detection rules, response playbooks, and alert thresholds are built around your existing tools and risk profile.
